CERTIFICATES

- AZ- 900

PROFESSIONAL EXPERIENCE

Sapiens

Senior Developer

2024/07 – present | Bangalore

- Lead development and maintenance of **Underwriting Pro**, focusing on both **client support** and **R&D initiatives**.
- Continue as the **main point of contact** for **ERIE Insurance**, implementing advanced features and ensuring seamless system functionality.
- Drive upgrade projects for clients like **Federated**, **Erie**, and **AAFMAA**, enhancing system stability and performance.
- Contribute to ongoing **Angular upgrades**, improving UI/UX and application efficiency.

Developer

2022/09 – 2024/07 | Bangalore

- Supported the development of **Underwriting Pro**, addressing real-time client issues and feature enhancements.
- Served as the primary contact for **ERIE Insurance**, extending **JSON support** for **EAPP solutions** and implementing **frontend changes**.
- Initiated API integrations for **Farmers Insurance**, connecting their **APP Pro** system to Underwriting Pro.
- Utilized **Kubernetes** and **Docker** for containerization and deployed solutions on **Azure**.
- Automated build and deployment processes using **Azure DevOps**, streamlining CI/CD pipelines.
- Managed client upgrades and contributed to the **Angular upgrade** for the new version of Underwriting Pro.

Odessa inc.

2019/04 – 2022/09

Senior Software Engineer

- Developed API systems and backend solutions using **C#**, **Azure**, **SQL**, **.NET Framework**, **.NET Core**, **ASP.NET** , and **LINQ**.
- Designed and implemented features like **Asset Split** by converting SQL scripts into C# classes.
- Built solutions such as **Auto-Payoff**, **Offline Background Processes**, and **SKU extensions** for major clients like **Dell** and **HP**.
- Created **SQL scripts** for the **reconciliation of GL journals** and optimized data processes.
- Managed environments using **IIS Server** for deployment and maintenance.
- Led **regression testing**, developed **automation test cases**, and mentored interns to bridge technical gaps.
